

HELP THE OXNARD POLICE DEPARTMENT HELP YOU

The Oxnard Police Department can not function effectively without the assistance of concerned, responsible residents. We are depending on **YOU** to call and tell us whenever you see suspicious persons or activity.

Some residents fail to call the police simply because they are not aware of what seemingly innocent activities should be considered suspicious. Others may recognize suspicious activity and are hesitant to call for fear of being thought of as the neighborhood "busy-body." Yet others simply assume that someone else has already called the police.

Call the police immediately about all suspicious activity – and do it yourself. Don't worry about "bothering" the police; it is part of our job to investigate suspicious matters. Do not worry about feeling embarrassed if your suspicions are wrong; **think instead about what could happen if your suspicions are right and you don't call.**
